EMERGENCY WATER SHUTDOWN

NOTICE TO RESIDENTS

Please be advised that water service to your property will be temporarily interrupted due to unforeseen circumstances related to the **Drummond Drive Reconstruction Project**.

The contractor is working diligently to restore water service as quickly as possible. Service is expected to be reinstated **as soon as conditions allow**.

After Water Service Is Restored

- Run your cold-water taps for several minutes, or until the water runs clear.
- Discoloured water is normal following an interruption and should clear with flushing.
- If you experience continued issues, please contact the number below.

Important Notes

- Avoid using hot water or household appliances (dishwashers, washing machines) until service has fully returned and water is clear.
- Keep a supply of drinking water on hand for the duration of the interruption.

We apologize for any inconvenience this interruption may cause and appreciate your patience and cooperation.

For further information, please contact:
