TOWN OF SAUGEEN SHORES

WATER AND WASTEWATER SERVICING MASTER PLAN UPDATE

NOTICE OF PUBLIC INFORMATION CENTRE

THE PROJECT: The Town of Saugeen Shores is updating the 2020 Water and Wastewater Servicing Master Plan for the urban areas of Port Elgin and Southampton. Saugeen First Nation also receives water services from the Saugeen Shores Water System. The update will review existing water treatment, distribution, and storage infrastructure, and sanitary sewage collection and treatment infrastructure. It will also include a review of future growth forecasts and potential future water and wastewater demands to 2045, as it relates to key infrastructure. The Master Plan will serve as a strategic planning document recommending projects, outlining estimated timelines and triggers for implementation.

THE MASTER PLAN PROCESS: The Water and Wastewater Servicing Master Plan is being conducted in accordance with the requirements of the Municipal Class Environmental Assessment (MCEA), dated October 2000, as amended in 2007, 2015, and 2023 under the Environmental Assessment Act. Master Plan studies incorporate Phases 1 & 2 of the MCEA process and include consultation with the public, community stakeholders, government review agencies, and Indigenous communities.

PUBLIC INVOLVEMENT: Public consultation is a key component of this study, and Public Information Centre is scheduled. The PIC will have display boards with information on the previous Master Plan recommendations, the review of future growth needs, and initial recommendations related to the capacity of major facilities and the initial results of the water distribution and sewage collection system modeling. This meeting will also provide an opportunity for members of the public to ask questions of the study team and provide comments.

Comments may also be made at the on the project webpage (www.engage.saugeenshores.ca/WWSMP) or directed to the contact listed below. Details of the meeting are as follows:

Date & Time: Thursday, July 17th, 2025, 6 PM to 8 PM
Place: Rotary Hall, The Plex, 600 Tomlison Drive, Port Elgin N0H 2C0

For further information regarding the MCEA process or this project, please contact Lisa Courtney, Environmental Planner at B. M. Ross and Associates (email: lcourtney@bmross.net or 1-888-524-2641).

Under the Freedom of Information and Protection of Privacy Act and the Environmental Assessment Act, unless otherwise stated in the submission, any personal information such as name, address, telephone number and property location included in a submission will become part of the public record files for this matter and may be released, if requested, to any person.

Matt Prentice, Director of Operations
Town of Saugeen Shores
