

May 28th, 2026

NOTICE TO RESIDENTS

Please be advised that water service to your property will be **temporarily interrupted** due to construction work taking place on **Bricker Street**.

Date: Monday June 01st, 2026

Time: 7:00 a.m. – 5:00 p.m.

Locations: Bricker Street – Maple Drive to Roberston Soccer Field
Maple Drive – Bricker Street to Wellington Street
Brown's Court

Please reference attached map identifying residents affected by this service interruption. Both isolation areas (Area 1 and Area 2) will be impacted.

This planned water service disruption is expected to occur within the timeframe noted above. Please be aware that the affected area *may* be increased due to possible operational constraints with the existing underground infrastructure. Also, please be aware that unforeseen circumstances may arise that could extend the duration of the interruption.

As a precaution, we ask homeowners to complete the following:

- Turn off the water feed into your building. These valves are typically found in the basement.
- Disconnect any hot water tanks/heaters from their power source.
- When water service is restored, we recommend running your taps with cold water until the water is clear

Temporary water service interruptions can, in rare circumstances, affect hot water heaters if power or fuel supply is not turned off in advance. While the operation and maintenance of private plumbing and appliances remain the responsibility of the homeowner, we advise residents to shut off power to electric hot water tanks or place gas units in “pilot” mode during these outages as a reasonable precaution.

We sincerely apologize for any inconvenience this may cause and thank you for your understanding and cooperation.
